

is quiet arc joy smile
check what go come pass
mist/manure only know awful secret
 blur what happen
 turn eye with in
 vacuum to morrow
pull dead now/narrow
 blur red world hear
crowd that/what you how deaf
 reap bitter
 reap quiet
look for shade mercy in earth
now/narrow cough blood on voice
 grass call out God
 wont moon quick
 to morrow drag
to morrow king size shame full
 he real
 he crush us
turn 1000 so be lieve be cause that true
 I crowd while there time
 be cause end fit call out
 under stand my brain
 wind up fear a lone
in mouth with button down lip
 to morrow pull future
 I canary cant sing
 I cat never obey
I dog kill cat kill canary
 that/what for bid me believe
