

they/them/you/he/she/me stagger &
the whole deal fades lips
withdrawn till dawn passes
hymns of hates alleluiah-chanting
they/them/you/he/she/me pass
through flame
it's evening and it's so...
smooth...yeah...smooth...
incense without breath
spreads the trouble over lover sleep
rifles thump & click & you gasp
heaven struggling God descends to
dance gaily to the noise
of his own boys & joys & amorous
laughter & choking &
misunderstanding & madness
with holy spirits & the trenches shak
e & fall & tunnels burst into flame
intolerable begeer intolerable begire
intolerable begone
totally maddening insufferably
subtle steel flashes clashes crashes
eyes kindling feet pull feet weave feet
feel nothing
no good sombre hombre in a
sombbrero profoundly roaring
down desolate iron-bound valleys
unassessed & unfruitful
stand by they/them/you/he/she/me
at the alter of the divine moment
crouching at our guns
